Some of the information contained in this presentation, including with respect to the expansion of our TMS Center network or our Company's future financial or operating performance, constitutes forward-looking information. This information is based on management's reasonable assumptions and beliefs in light of the information currently available to us and is current as of the date of this presentation. Actual results and the timing of events may differ materially from those anticipated in the forward-looking information contained in this presentation as a result of various factors. Particularly, information regarding our expectations of future results, performance, achievements, prospects or opportunities or the markets in which we operate is forward-looking information. In some cases, forward-looking information can be identified by the use of forward-looking terminology such as "plans", "targets", "expects" or "does not expect", "is expected", "an opportunity exists", "budget", "scheduled", "estimates", "outlook", "forecasts", "projection", "prospects", "strategy", "intends", "anticipates", "does not anticipate", "believes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "should", "might", "will", "will be taken", "occur" or "be achieved". In addition, any statements that refer to expectations, intentions, projections or other characterizations of future events or circumstances contain forward-looking information. Statements containing forward-looking information are not facts but instead represent management's expectations, estimates and projections regarding future events or circumstances. Many factors could cause our actual results, level of activity, performance or achievements or future events or developments to differ materially from those expressed or implied by the forward-looking statements, including, without limitation, the factors discussed in the "Risks and Uncertainties" section of Management's Discussion & Analysis for the period ended June 30, 2020 (the "MD&A"). Additional risks and uncertainties are discussed in the Company's materials filed with the Canadian securities regulatory authorities from time to time, including the Company's annual information form dated March 10, 2020. These factors are not intended to represent a complete list of the factors that could affect us; however, these factors should be considered carefully.

The purpose of the forward-looking information is to provide the reader with a description of management's current expectations regarding the Company's financial performance and may not be appropriate for other purposes; readers should not place undue reliance on forward-looking information contained herein. To the extent any forward-looking information in this presentation constitutes future-oriented financial information or financial outlook, within the meaning of applicable securities laws, such information is being provided to demonstrate the potential of the Company and readers are cautioned that this information may not be appropriate for any other purpose. Future-oriented financial information and financial outlook, as with forward-looking information generally, are based on current assumptions and are subject to risks, uncertainties and other factors. Furthermore, unless otherwise stated, the forward-looking statements contained in this presentation are made as of the date of this presentation and we have no intention and undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by applicable securities law. The forward-looking statements contained in this presentation are expressly qualified by this cautionary statement.

This presentation makes reference to "Same-region sales growth", which is a non-IFRS measure. This measure is not a recognized measure under IFRS, does not have a standardized meaning prescribed by IFRS and, therefore, may not be comparable to similar measures presented by other companies. Rather, this measure is provided as additional information to complement IFRS measures by providing further understanding of our results of operations from management's perspective. Accordingly, this measure is not intended to represent, and should not be considered as an alternative to another performance measure derived in accordance with IFRS as a measure of operating performance. This non-IFRS measure is used to provide investors with supplemental measures of our operating performance and thus highlight trends in our core business that may not otherwise be apparent when relying solely on IFRS measures. Definitions and reconciliations of non-IFRS measures to the relevant reported measures can be found in our MD&A under "Cautionary Note Regarding Non-IFRS Measures and Industry Metrics".

For more information, please refer to the MD&A and the audited consolidated financial statements for the period ended June 30, 2020 which is available on the Company's website at www.greenbrooktms.com and under the Company's SEDAR profile at www.sedar.com.

Strong momentum in growth despite expected impact of COVID-19

- **Revenue for Q2 2020 of \$9.8M exceeded previously disclosed guidance:**
 - **increased by 21% YoY (Q2 2019: \$8.1M)** compared to an expected increase of 10%
 - **decreased by 14% QoQ (Q1 2020: \$11.4M)** as compared to an expected decrease of between 20-25%
 - new patient treatment starts **decreased by only 8%**
- **Revenue for YTD Q2 2020 increased by 44% to \$21.2M YTD YoY (YTD 2020: 14.7M)**
- **Same-Region Sales Growth was negative 19% in Q2 2020 but remained positive at 2% in YTD 2020.** The negative growth experienced in Q2 2020 is attributable to the impact of COVID-19
- **Average revenue per treatment increased by 5% to \$230 in Q2 2020 (Q2 2019: \$220),** predominantly due to expansion to more favorable reimbursement jurisdictions, including jurisdictions in which Achieve TMS operates

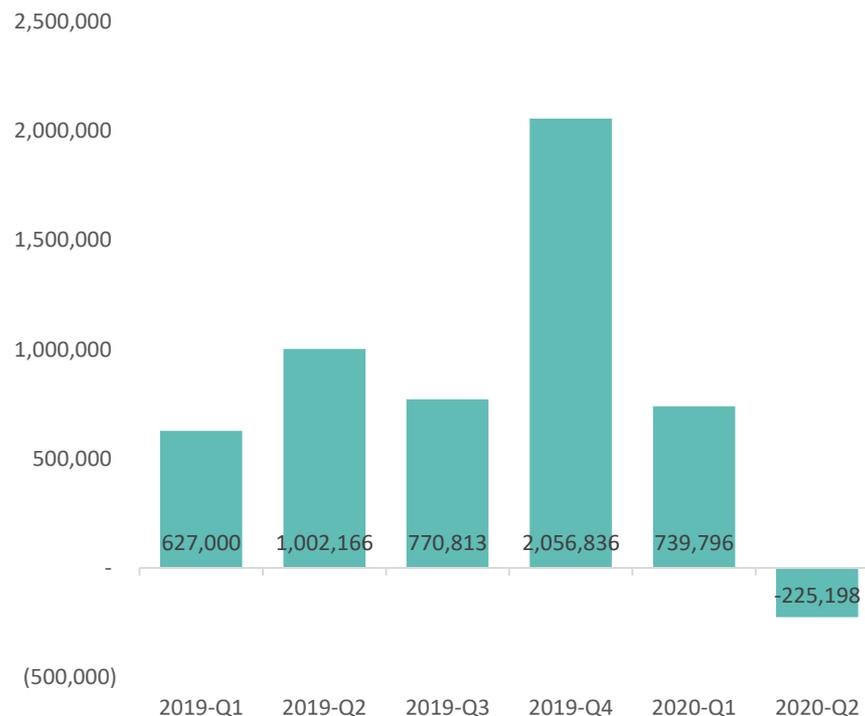

Quarterly Revenue

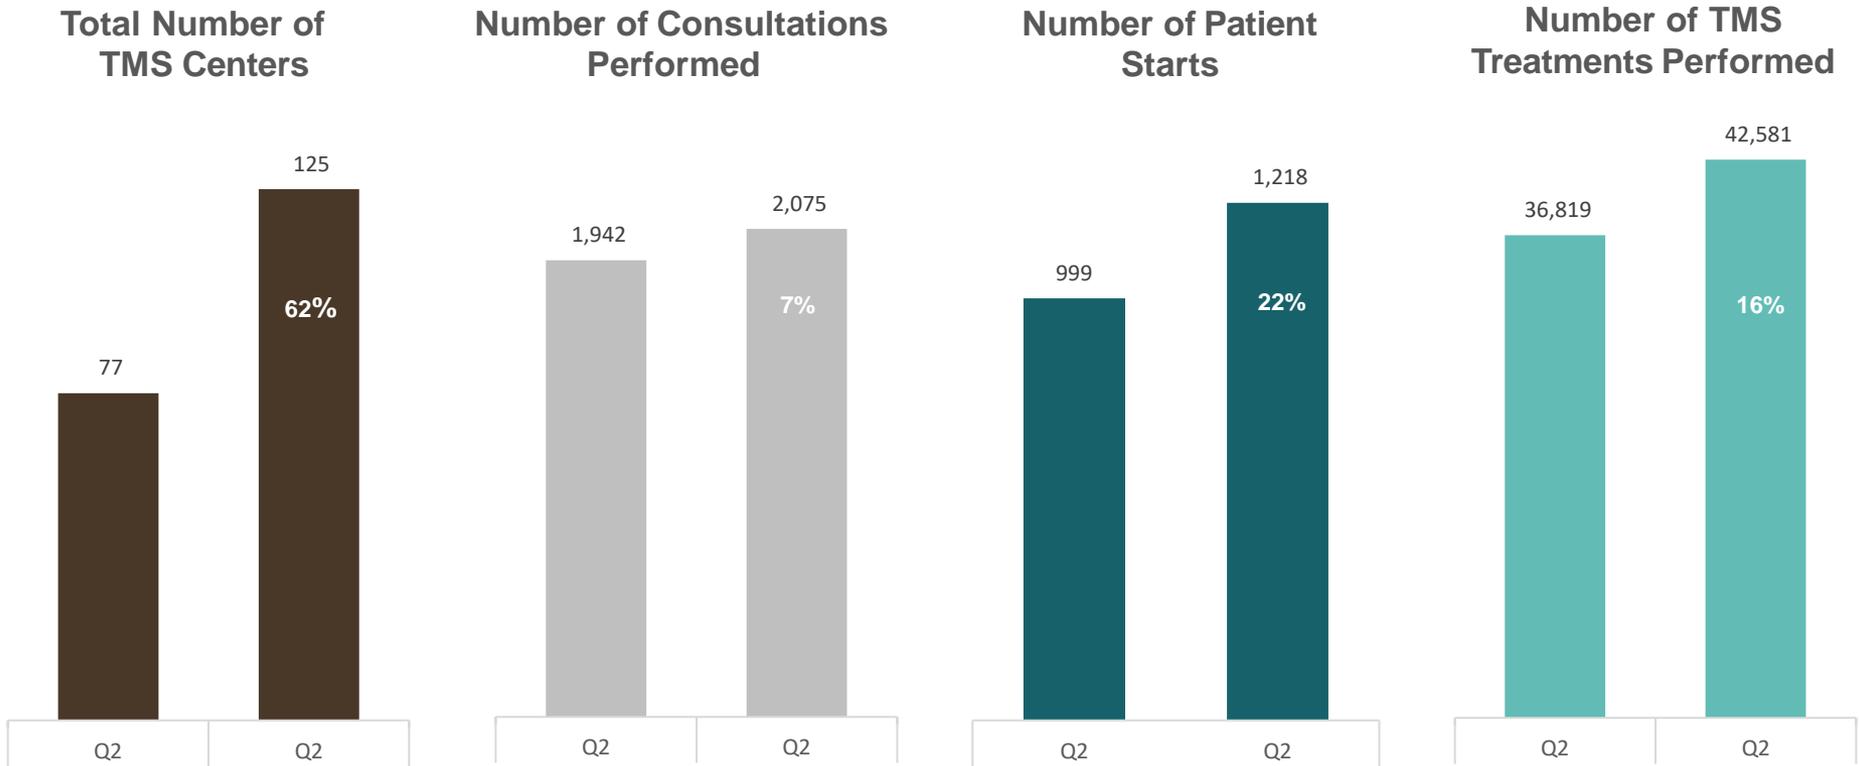

Regional operating loss significantly impacted as expected by COVID-19

- **Regional income for Q2 2020 decreased by 122% to a \$0.2 million operating loss position compared to a regional operating income of \$1.0 million in Q2 2019**
- **Regional operating income decreased 68% to \$0.5 million during YTD 2020 (YTD 2019: \$1.6 million) - cost containment measures implemented in Q2 2020 softened the impact of COVID-19**
- **Aside from COVID-19, the inclusion of three newly active TMS Centers and 12 TMS Centers in-development, which will take time to generate positive regional operating income contribute to regional operating loss**
- **Regional operating margin was -2% in Q2 2020 (12.4% in Q2 2019)**
